PROFILE

Despite my lack of professional experience in QA, I am actively self-improving by learning the basics of software testing and various QA methodologies. I'm a responsible and inquisitive person who always finishes what I start. I am looking for an opportunity to develop my skills and knowledge in the field of QA, working in a team of professionals. I am confident that my motivation and willingness to learn will help me to adapt quickly and become a valuable member of your team. Seeking a Junior Manual QA Engineer role to enhance testing skills and contribute to the overall quality and success of projects.
